Hold Harmless Agreement:

By signing this agreement you will hold harmless the Deepwell Board of Advisories and any local Law Enforcement agency that you consent to using your video file. Your involvement is strictly 100% voluntary and we will try to keep your information confidential.

How It Works*

The video team program is a great way to help deter and solve crime quickly in Deepwell. By providing a copy of your video to the Chair of Deepwell's Neighborhood Watch, he/she will send it off our local law enforcement agency. Or, you might get a call from the local Law Enforcement. You may also be asked to look over your video file for any crime or suspicious activity that occurs in Deepwell or the Palm Springs area in general. By agreeing to this partnership, your involvement is 100% voluntary.

Proactive Protection

Register the location of your home or business security cameras through the chair of Deepwell's Neighborhood Watch by completing the Deepwell's Video Team Application Form. Your information is **only** provided to the residents of Deepwell and local law enforcement in case they need it in solving a crime. We will try to keep your information private.

Neighbors Help Fight Crime

You are encouraged to also join our on-going Neighborhood Watch program by being a block captain, wearing a safety vest and/or a hat that says DENO Neighborhood Watch and/or posting a video sticker for your home showing criminals that our neighborhood is protected and reducing the likelihood of a crime occurring. And, if a crime occurs near you, local law enforcement may contact you about what your cameras have recorded to speed up their investigation.

Draw From the Deepwell Community

Leverage the power of Deepwell to deter and solve crime by working with our best resource: Our citizens!
